Letter

The Honorable Richard A. Jones

- Jurisdiction: The Tacoma court is in jurisdiction of Clark County where we reside. We request a closer court.
- Time: Defendant has not had sufficient time to respond to 1-15-2015 of plaintiff attorney findings. Could we have more time?
- Subpoena: Too general. May we request just name and address of the individual; not with group response.
- Doe #4 internet server at IP address is researching to understand who is liable: internet server, customer or third party. Please consider why internet server did not alarm (Doe 4 customer) that IP address was being used incorrectly. Doe 4 pleads innocent.
